

ATTENDEES TECHNICAL GUIDELINES

Dear attendee,

Thank you for being part of the AIC2021 congress.

As you know, the congress will be held online through Zoom platform together with a professional streaming service.

Joining the congress

To [Join the Congress](#) you have to go to login the [Access Page](#) using your username (or email), password and passing the bot control (executing the proposed sum). After this step you can join the conference as a speaker or as an attendee.

If you don't have present or chair a session, please login as an **attendee**.

Entering as an attendee, you'll be redirected in a streaming platform.

Here you can follow all the events of AIC congress.

In the streaming platform the microphone and webcams are disabled. You can interact with the congress speakers and chairs through the **chat**.

During the session

You can login to follow the congress whenever you prefer.

You can login before, during and after the sessions. If you login before the beginning of a session a banner will indicate the title of the session and you just have to wait until the session begins.

At the end of each session, you just have to remain connected to see the next scheduled session/event.

Questions

As an attendee you will follow the congress through a streaming platform, which do not allow to turn on microphones or webcams. As a consequence, questions can be asked through the [chat](#). The chairs will receive all the written questions and are free to pose them to the speaker.

If the session will run out of time, questions will not be posed. In this case, you are invited to pose the questions directly to the speaker's email.
